ANN ARBOR, Nov. 5, 1856.

PROF. O. J. WOOD-Dear Sir: I have to and much said f the wonderful effects of your Hair Restorative, but having been so often cheated by quacks and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in La rence county ome months since, when you gave me such assurance as induced the trial of your Restorative in my family-first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glossy upon, and entirely over the head; she continues to use it, not simply because of its beautifying effects up n the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore my skepticism and doubts in reference to its character is entirely removed; and I can and do most cordially and confidentially recommend its use by all who would have their hair restored from white or gray (by reason of sickness or age,) to original color and beauty, and by all young persons who would have their hair beauti ful and glossy.

Very truly and respectfully yours, SOLOMON MANN.
